

## Trackwork Rider Licence Application – Assessment Report

A Trackwork Rider is engaged by a licensed trainer to ride trackwork and may also fulfil the role of a Stablehand.

This Assessment Report is to be used in assessing an applicant's competence in riding horses at track work. These activities involve the riding of horses at track work and from barrier stalls, if applicable, and following all safety requirements, rules and regulations.

### Conditions of assessment

The assessment must be performed in front of a currently licensed Open Trainer and Senior Jockey, completing the following Record of Assessment by observation/demonstration forms.

The assessment must be performed to a satisfactory standard, with at least two horses of different temperament and behaviour.

The assessment must be conducted with the full range of equipment normally associated with riding trackwork. The applicant must be wearing approved helmet, boots and vest. All riders must wear a fluorescent vest prior to sunrise.

The applicant must:

- Provide this report completed by two of the following;
  - Open licence trainer (currently licensed); and
  - Senior Jockey (currently licensed); or
- Submit a recommendation from a qualified Trainer Assessor who is engaged/authorised by a Registered Training Organisation to assess the person's suitability to ride trackwork; or
- Hold a Cert III Trackwork Rider qualification; or
- Previously held equivalent licence within the last ten (10) years.

As a licensed Trackwork Rider you may participate in:

- General stable work;
- General track work sessions – either Exercise (slow work) or Track work (fast work); and
- Jump Outs, only if you have been assessed competent for Jump Outs.

Horses are supplied by the trainer and remain under the supervision of the trainer. The Trainer accepts responsibility for behaviour of horses when used for assessing track rider competence and remains responsible for the control and behaviour of horses used in assessment.

**Record of Assessment by observation/demonstration – Trainer/Jockey**

Observation of applicant:

- Riding a horse at trackwork
- Entering and riding a horse from barrier stalls, if applicable
